

**EURO SAFETY
EQUIPMENTS**

Best Solution Provider in Non-woven Business

Euro Safety Equipments Pvt. Ltd.

ROGER GROUP OF COMPANIES is one of India's leading Export companies engaged in diverse portfolio of businesses that have achieved rapid growth in 40 years.

The group was founded in 1979 as **Roger Exports** by Mr. Kulbir Singh & Mrs. Dalbir Kaur for the manufacturing of fashion footwear in the leather category.

Since then the group has diversified into the manufacturing of Industrial safety footwear in the year 2005 in the name of the **EURO SAFETY FOOTWEAR (INDIA) PRIVATE LIMITED** based in Agra in India. In a span of 15 years, it is now one of Asia's largest safety footwear manufacturing organizations with innovative marketing & promotion ideas of Mr. Varun Budhiraja, the second generation of founders.

Realizing the potential of the protective & fashion garments market and greater need for protection & fashion garments further diversified the Company into manufacturing Technical Garments Like – Trousers, Shorts, Coverall, Bib, Jackets, Lowers, T.Shirt etc. in the name of **EURO SAFETY EQUIPMENTS PRIVATE LIMITED** and its plant situated at Pathredi, Bhiwadi.

EURO SAFETY EQUIPMENTS PRIVATE LIMITED is the subsidiary of **ES FOOTWEAR**.

ROGER GROUP including **EURO SAFETY GROUP** vision is to become the most renowned brand for Protective and Fashion Garments across the globe after getting success in footwear industries. Make in India and serve customers all over the world with latest technologies and working towards innovating new products. Each and every member of the Roger & Euro family plays an important role in this pursuit. We commit to enable as to consistently and measurably enhance the quality of our products and services to our customer.

Group mission is to continue its commitment of providing safety environment at workplace wherein workforce engaged in hazardous environment by providing premium quality & comfortable PPWs for its client. We believes that it is team who make organizations and help in its growth, for this reason, it is necessary to keep safe the working environment.

OUR FORMULA OF SUCCESS

Strategic Relationships with Industry Leaders — Working closely with top-tier companies around the world, we are keeply aware of the latest market trend and always endeavor to introduce new products before others do.

Integratation and Innovation — Vertical integration of the production process allows us to better control the quality and cost of products, and we are constantly upgrading the sales packages to maintain our competitive edge in the market.

Technical Expertise — Our service platform is built on extensive experience and knowledge in the non-woven industry. We are able to provide products of better quality or meet customer's specific requirements through our in-depth technical analysis.

Qualification and Certification— To further demonstrate the outstanding quality of its products, Euro Safety Equipments always seeks to obtain all requisite qualifications and certificates. These ongoing efforts are solid proof of our commitment to sustainable growth with our customers.

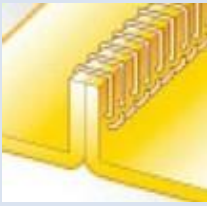

Honesty and Keeping Promises— Euro Safety Equipments are migratory birds which travel every year between the north and the south like keeping a promise. Euro Safety Equipments holds exactly the same spirit and never falls in delivering its promises to its customers.

One-Stop Shop Approach— With complete integration of the production process, Euro Safety Equipments supplies a wide range of products for medical, industrial and consumer use.

Visit our website – www.eurosafetyequipments.com. and you will find what you need in high quality and very competitive prices!

Seam Construction :

Added strength at the seams and more protection against particles

Stitched Seam

Cost-effective seams with ideal protection against particles & liquids

Ultrasonic Seam

More Strength at the seams and higher protection against particles & liquid

Bound Stitched Seam

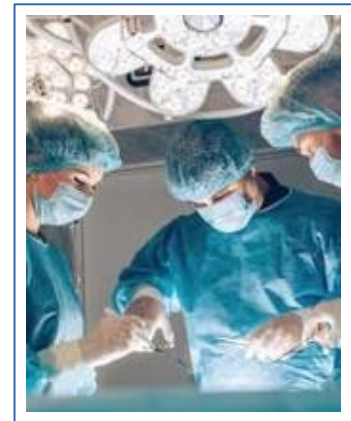

Ultimate protection against particles & liquids

Stitched with Tape Seam

SFS65-MEDICAL

Nonwoven at both sides provides cloth-like feeling to human skin. The Microporous film provides breathable but liquid & blood resistance properties. Conforms to EN13795 – High performance (Critical Area) and is recommended to use for surgical gowns and drapes.

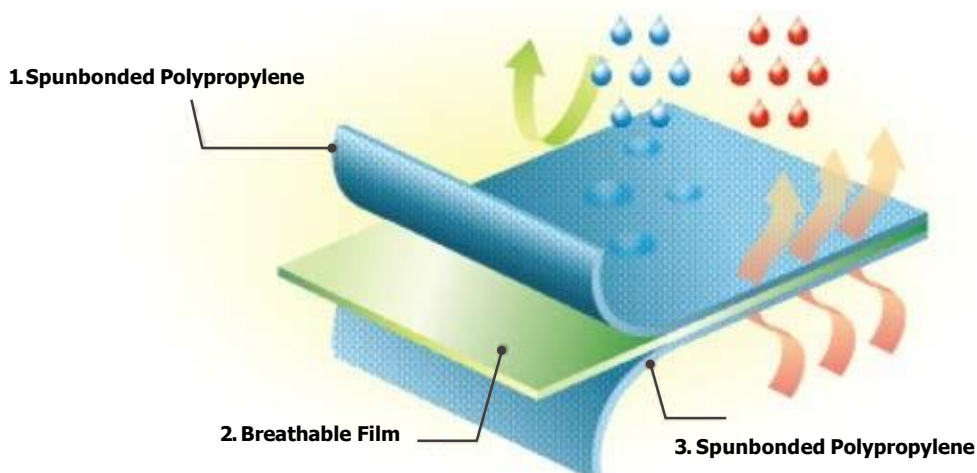

Features

- Conforms to EN13795 – High performance (Critical Area)
- High MVTR (over 4000gsm.24hrs)
- ETO sterilization available
- ASTM F1670 passed for blood resistance.

Applications

Critical area (high performance) for surgical gowns and drapes.

Fabric Construction

AAMI Level 2 Gown

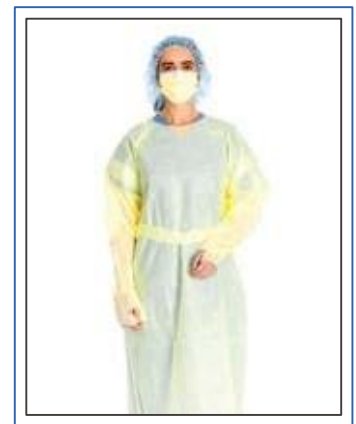

• Features

ESE Level 2 gown successfully meets AAMI PB70: 2003 class 2 requirement tested by a laboratory.

• AAMI Liquid Barrier Classification

AAMI guidelines are a widely accepted system of classification for protective apparel and drapes based on liquid barrier performance including chest, sleeve seam, and ties at random areas.

ANSI/AAMI PB 70 Barrier Performance	Test Method	Requirement
Level 1	Impact Penetration AATCC 42	$\leq 4.5g$
Level 2	Impact Penetration AATCC 42	$\leq 1.0g$
	Hydrostatic Pressure AATCC 127	$\geq 20cm$
Level 3	Impact Penetration AATCC 42	$\leq 1.0g$
	Hydrostatic Pressure AATCC 127	$\geq 50cm$
Level 4	Blood Penetration ASTM F1670	Pass
	Viral Penetration ASTM F1671	Pass

Test Results

AAMI PB 70	Test Method	Requirement
LEVEL 2	Impact Penetration AATCC 42	$\leq 1.0g$
	Hydrostatic Pressure AATCC 127	$\geq 20cm$

ESE Level 2 Gown result

Package	10pcs/bag, 50pcs/carton

SCRUB SUIT

This suit provides excellent softness and protection,

- Shirts: one or three pockets are available.
- Pants: the wide-leg drawstring waist is specially designed for a loose and relaxed fit.

Material	PPSB, SMS
Fabric Weight	40gsm, 53gsm
Colour	Navy Blue
Case Pack	50 sets/bag, 100 sets/case

MODEL	DELTA COVERALL (MOVI41-1195)
TYPE	5B/6B
CERTIFYING BODY	CENTROCOT
MATERIAL	PP + PE LAMINATE
GSM	53 GSM
COLOUR	WHITE
INNER PACKING	1 PC / POLYBAG
OUTER PACKING	50 PCS IN CARTON
SIZE	S - 3XL

KEY FEATURES

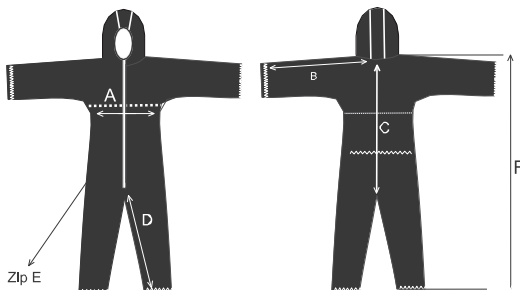

The Delta coverall comes with a self-adhesive zipper-flap for optimal protection. This coverall also has anti-static properties. The elasticated waistband provides dynamic-fit to the user. The convenient closures fitted with elasticated bands on the hood, arms & legs keep the wearer protected at all times.

PRIMARY AREA OF USE

Food Processing and Handling, Hospitals, General Cleaning, Meat Packaging, Clinics, Spray & Manual Painting, Industrial and Manufacturing, Laboratories, Light Chemical.

SPECIAL NOTES

While the PP + PE Laminate provides splash resistance, please note it is not impermeable. Although reasonable care has been taken in the preparation of this document, no warranty is extended and no liability is assumed. It is up to the end-users to make their own determination as to the suitability of the product for their intended use.
